Meet in Campbell Hall Building (Campbell) 131 every morning

Day 1: August 8, Monday		
Time	Location (Campbell Hall)	Session
9:00-9:25	131	Welcome
9:25-9:40	131	Instrumentation career progressions & making the most of AstroTech
9:40-10:05	121 + 131	Lab ground rules
10:05-10:20		BREAK
10:20-11:35	131 for intro, synthesis 121+131 for stations	Intro to optics (New participants)
10:20-11:35	225/229	Systems Engineering, Part 1 (Returners)
11:35-12:30	625, then on own	LUNCH
12:30-2:45	241 + 225 + 229	Group A: Image formation (including break)
12:30-1:15	131	Group B: Kirchoff's Laws demo + Intro to spectrographs
1:15-2:45	131	Group B: Inclusive teamwork (including break)
2:45-3:00		BREAK (A&B groups switch)
3:00-3:45	131	Group A: Kirchoff's Laws demo + Intro to spectrographs
3:45-5:15	131	Group A: Inclusive teamwork (including break)
3:00-5:15	241 + 225 + 229	Group B: Image formation (including break)
5:15-5:30	131	Wrap up Day 1

Day 2: August 9, Tuesday		
Time	Location (Campbell Hall)	Session
9:00-9:15	131	Reflections & intro to day
9:15-9:30	131	Overview of BYOS structure and team formation
9:30-9:45		BREAK
9:45-11:30	121 + 131	Gratings and design, part 1
11:30-12:30	625, then on own	LUNCH
12:30-1:35	121 + 131	Gratings and design, part 2

Day 2: August 9, Tuesday		
1:35-2:00	121 + 131	Review spectrograph components (including break at end)
2:00-2:20	121 + 131	Develop science cases (New participants)
2:20-2:50	241	"Marketplace" (quick preview of available equipment) (New participants)
2:00-2:50	225/229	Systems Engineering, part 2 (Returners)
2:50-3:40	131 + possibly 121	Create spectrograph conceptual design and poster for showcase
3:40-4:30	131 + possibly 121	Showcase spectrograph concepts
4:30-4:45		BREAK
4:45-5:20	131	Announce spectrograph concepts for Day 3-5 and collect input on specialist roles
5:20-5:30	131	Wrap up Day 2

Day 3: August 10, Wednesday		
Time	Location (Campbell Hall)	Session
9:00-9:30	131	Reflections & intro to day

11:00-11:15		BREAK
11:15-12:30	131 + possibly 121	Revisit requirements and design (prepare to split into specialist groups)
12:30-1:45	625, then on own	LUNCH
1:45-4:00	241	BYOS: Optomechanics, part 1 Includes BREAK
1:45-4:00	225 + 229	BYOS: Electronics, part 1 Includes BREAK
1:45-4:00	131	BYOS: Calibration hardware, part 1 Includes BREAK
1:45-4:00	131	BYOS: Detector, part 1 Includes BREAK
1:45-4:00	121	BYOS: Software, part 1 Includes BREAK
4:00-5:00	131	Spectrograph teams check in
5:00-5:10	All rooms	Leave equipment in safe condition before Day 3 wrap-up
5:10-5:20	131	Wrap up Day 3

Day 4: August 11, Thursday		
Time	Location (Campbell Hall)	Session
9:00-9:30	131	Reflections & intro to day
9:30-10:00	131	Phases of Instrument Development
10:00-10:15		BREAK
10:15-12:30	241	BYOS: Optomechanics, part 2 Includes BREAK
10:15-12:30	225 + 229	BYOS: Electronics, part 2 Includes BREAK
10:15-12:30	131	BYOS: Calibration hardware, part 2 Includes BREAK

Day 4: August 11, Thursday		
10:15-12:30	131	BYOS: Detector, part 2 Includes BREAK
10:15-12:30	121	BYOS: Software, part 2 Includes BREAK
12:30-1:30	625, then on own	LUNCH
1:30-2:00	131	Teamwork and collaboration, part 2
2:00-2:45	131	Intro to integration & testing (New participants)
2:00-2:45	121	Systems engineering, part 3 & I&T Role (Returners)
2:45-4:30	1 team per room	Integration & testing (includes Break) Leave equipment in safe condition before end of day
4:30-4:45	131	Wrap up Day 4

Day 5: August 12, Friday		
Time	Location (Campbell Hall)	Session
